This body convened in this city on yesterday morning, Bishop PIRRCE presiding. The attend ance is quite large. There have been many pleas ant re-unions and joyous greetings between the Aberdeen congregation and their former pastors. The Revs. J. H. Brooks, Thos. Moss. B. T. Crouch. J. C. Nott, and others, who have, in times past, roclaimed, from Sabbath to Sabbath, the glad dings of Salvation to their large and attentive e ngregations in this city, have returned to find, we trust, that their " labor has not been in vain in the Lord." The site of the sacred old frame building in which they used to worship, is now occupied by a grand and imposing Church edifice for the erection of which no one, we think, is enti tled to more honor than the Rev. B. T. CROUCH, whose labors in this behalf were arduous and in-

oughly tested, and found equal to the emergency ; and we trust the members of the Memphis Conference will have no cause to regret their sojourn in

portunity of apologizing to some of our corres pondents whose communications have been neglected. The demands made upon our time and space, by the exigencies of the Presidential canvass, must be our apology for this neglect. Some of these communications are now too much out of date for publication, and others have been buried and utterly lost beneath the accumulated rubbish of political documents and records of superangated politicians. We therefore propose to our contributors, that "we rub out and commence anew, We have had an excess of politics-let us have something on the Educational and industrial interests of the country-something literary and scientific-something "spicy," without politics or personalities-something poetical without party patriotism.

UNANIMOUS .- Mormon Springs Precinct, in this county, poled 67 votes-all for Breckinridge and Lane. Ray's shop, 26, all the same way. As our neighbor says, that's " orful,"

As THE MASONIC HALL.-The old friends and custo ners of C. T. Gurroup will be pleased to see his card in another column of our paper. He has retur ed to this city and taken a room at Leedy's Auction House, where he has a fine and select stock of Jewelry, and where he is prepared to do all kirds of repairing in his usual good style, and at rea onable rates. Give him a call !

PostroNED Sale,-We invite the reader's attention to the advertisement of J. M. Anderson, Commissio er's sale of Land. We advertised this sale some weeks ago, but owing to some circumstance. or oth r, it did not come off. It is now advertised for the 12th day of December next.

It will be seen, from the following notice, that the torch of the Abelition in an liary is finding its way to our own borders. The little town of Bexar is in Marion County, Ala., close on the line, between this and Marion County.
